

# 2020 WMIA Wooden Globe Awards Entry Form

## Innovation of the Year

Nominees for the Innovation of the Year Award should be a unique and innovative wood-based product or an innovative process to produce a wood-based product using high-technology machinery supplied by one or more WMIA-member companies.

## Educator of the Year

Nominees for the Educator of the Year Award should be an educational institution, company, or individual that has trained individuals for careers in the woodworking industry. This must include hands-on training on high-technology machinery supplied by one or more WMIA-member companies. This must extend beyond training individuals for a single company.
